1. Useful weblinks:

- ◆ Center for Disease Control
<http://www.cdc.gov>
- ◆ First Government
<http://firstgov.gov>
- ◆ American Red Cross
<http://redcross.org>
- ◆ Health and Human Services
<http://www.hhs.gov>

2. Share action your organization has taken:

- ◆ **All actions were conducted by the Installations Force Protection Folks.**
- ◆ **The Regional Safety Office provided Respirator Fit-testing to approximately 50 Security employees to respond to Katrina.**

3. If you could change one thing following Hurricane Katrina, what would you like to see changed and why?

- ◆ **Only knowing what the media is putting out, I can say that better communication is evident...Every time there is a disaster, there is lessons learned. However, everything comes with a price tag. How can you put a price tag on loss of life. Emergency Management is very difficult even at an installation, I cannot imagine how difficult it would be to implement an effective program for a State.**
